Report of committees called for.

The report on prohibition was read by Miss Susie Killingsworth; discussed by A A Bruner, J F McKibben, J J Gibson, G D Collums, W T Ward and T H Smith. Report adopted as read: As we have been appointed to write a report on prohibition we submit the following:

It is our firm belief that intoxicating liquors are one of the greatest evils the human race has to contend with and that they are among the Devil's best weapons with which to fight religion. It is useless to enumerate the great catalogue of sins and troubles that these poisonous, death-dealing drinks cause, for that is well known already. But we recommend that we, as a denomination, strive to hold every inch of ground that we

have gained and never give up the fight until we have gained a complete victory, and got state prohibition. Brethren, we ought to feel encouraged. Twenty years ago we had the open saloon at almost every cross-roads town in the state. Now, out of the seventy-five counties in the state, there are only twelve which keep up this hateful practice. Not only have the number of saloons decreased in Mississippi, but throughout our whole South land. Out of the two hundred and forty counties in Texas, there are only forty-six wet ones. There are twenty-seven thousand saloons in the Southern states, while in the state of New York alone, there are thirty thousand.

We urge that each church of this Association enforce strict discipline as to the members practicing social dram drinking and also that we, as citizens, assist our officers in enforcing our present prohibition laws when we can.

Respectfully submitted.

On motion and second that the investigating committee appointed to investigate the matter of unscriptural marriage in the membership of Hopewell church be empowered to investigate all other cases of similar circumstances

Report on Foreign Missions was read by J. F. McKibben, discussed by J. F. McKibben, J. A. Killingsworth, J. J. Gibson, S. E. Wallace, G. W. Riley, A. A. Bruner and J. L. Roane. Report adopted as read.

REPORT ON FOREIGN MISSION.

God is the author of missions, he started this work because he loved the world, he gave his son and afterwards his spirit. He calls all who love him to the work of giving the gospel in all the world to every creature. The difficulties being very great, Christ promised his power and presence. Satan does not want that blessed work to advance and so has done all in his power to oppose and retard it, using ignorance, superstition, wickedness in every form in heathen lands and predjudice, selfishness, negligence and other sins in christian lands, so that today, nineteen centuries after Christ came, two thirds of the race are groping in sins, darkness and blight. In the last century there has been a great advance in Missions and it has brought glorious results in foreign lands and blessed results in the churches in Christian lands. There is an increase of laborers on the field while at home, millions of women and men are praying and receiving Heavenly blessings. In Augusta, Ga. May 1845 the Southern Baptist Convention was organized. Representatives of various churches in several states organized this body to enable them effective tc God's work. The Convention appointed a standing committee on Foreign Mission, a board is appointed each year by the Convention. It consists of 21 members who live in Richmond Va., all of them tried and true men. Respectfully submitted.

SECOND DAY. AFTERNOON SESSION.

REPORT ON HOME AND STATE MISSIONS.

Association called to order by the Moderator and was led in prayer by J H Willis. The discussion on Home and State missions continued by J A Killingsworth. The report adopt-

ed as read: Home mission is that division of the work conducted by the Home Mission Board, located at Atlanta, Ga. It was organized in 1845 for the special purpose of preaching the gospel to the destitute parts of the Southern Baptist Convention, especially to the foreign population, that is so rapidly filling up our country. Its work also extends to Cuba, Porto Rico and the Philipine Islands. The work has gradually increased from the first until now, so it has been a wonderful factor in spreading the gospel. The work has so wonderfully increased in recent years that from 1898 to 1903 the contribution has doubled; our state mission work has grown with equal rapidity so that it is doing a great work in supplying the destitution in our state and both divisions of the work are worthy of our support. We haven't the statistics of last year's work at hand and therefore cannot give them, but the interest of the work is rapidly growing in the hearts of the people and they are giving their support and influence, as never before, and we would urge our Churches to contribute liberally of their means to this great work as the Lord requires them.

Summary of Home Mission work—Churches and Stations, 3,133; Sermons, and addresses 85,315; praymeetings 12,232; Religious visits, 163,587 Baptisms 8,969, Receveid by letter 1,716, Total additions 18,690, Churches constituted 127, Houses of worship built and repaired 280, Sunday Schools organized 494.

Respectfully submitted.

REPORT ON PASTORAL SUPPORT.

The report on Pastoral Support was presented and read by A. T. Smith, discussed by A. T. Smith, T. H. Smith, W. T. Ward, J. W. Trusty, G. W. Riley, J. J. Gibson, report adopted as read

"Is it the duty of church members to support their pastor?" "Yes," is a full and complete answer. Proof: "Preach the word," 2nd Timothy, 4th and 2nd. "He commanded us to preach unto the people," Acts 10, 42. "How shall they preach except they be sent," Romans, 10, 15. "Carry neither purse,

nor script, nor shoes for the laborer is worthy of his hire," Luke, 10, 1 to 7.

The divine command is to preach the word to all the world and in order to do so provisions must be made for the ministers temporal welfare. As to how much to give, depends on various conditions. The financial ability of the church, and the spiritual and mental capacity ot the pastor, are very weighty considerations on the question of how much to give. Various other circumstances such as place, social standing, number and health of family, should be considered. I do not argue that we should enrich the pastor, but if he is worthy the call, he should be provided with a competency for himself and family, so that he may have time to study and to preach the word, untrammelled by temporal wants.

Respectfully submitted,
A. T. Smith, For Pittsboro Church.

RFPORT ON PUBLICATIONS.

Report on publications presented and read by A C Powell, discussed by J. F. McKibben, G. W. Riley, J. J. Hallum. Report adopted as read.

We your committee to whom was referred the subject of Publications, would submit the following. The reading matter that is set before the mind, especially of the young, has a great deal to do with the shaping of the character through life. It is a fact that goes without saying that where there is a proper amount of reading matter of high moral character, placed before a family with proper encouragement to read the same, that the children of that family grow up and develop into a moral and religious life as a rule, where another that has no religious literature go off into immorality. As to the publications to be recommended, we would always place the bible first and above all others, then we would recommend our state paper. the Baptist, from which we may keep posted on our state work. Futher we recommend the Orphans Gem, Kind Words

and the Foreign Mission Journal. Respectfully submitted,

On motion and second the Association adjourned till Friday morning 8:30 a. m. and was led in prayer by G W Wright.

THIRD DAY—MORNING SESSION.

The Association met at 8:30 a. m. Devotional services conducted by J J Hallum. The Association called to order by the Moderator and was led in prayer by J L Roane. The minutes of the preceeding day was read and approved.

On motion and second the report of the special committee, appointed to investigate the matter of Hopewell Church (Pontotoc county)and all other Churches under similar circumstances was called for. Presented by W T Ward and read by A A Bruner. The report was adopted with an amendment and the committee was discharged.

REPORT OF COMMITTEE.

We, your committee to whom was referred the matter of Hopewell Church, and others in like condition, would beg leave to report the following: 1st, we believe from the evidence we have at hand that the Church is committing an error in reclaiming Bro. R. H. Burson in her membership as it is clearly shown from Math. 19 chap. 9 verse, that he is living in adultery and should be disciplined accordingly, but as the delegates from said Church asked time to set their Church in order, we would recommend that the Association defer action until the meeting of the next Association, We further learn that Driver's Flat has a member like condition, also that Poplar Springs has a member who is under suspicion, likewise that Mt. Comfort has a member, in the person of Bro. John Vanhooser, that from the evidence we have at hand, is clearly living in adultery. We are also informed that there are three cases in Mount Moriah Church that demand the attention of the Association. We would recommend that all the above

Churches, including Mt. Comfort be referred back to the Churches for further action. W. T. WARD, Chair.

REPORT ON ORPHANS HOME.

The report on Orphans Home was read by J. F. McKibben; discussed by J. F. McKibben, J. D. Collums, J. W. Trusty A. A. Bruner, T. H. Smith, and J. L. Roane. Report adopted and a collection of $15 taken up for Home.

The Orphans Home, now six years old, and is no longer an experiment, but is a permanent fixture, under the supervision of a board of trustees, consisting of eighteen brethren, appointed by the State Convention during this year. It changed superintendants and has made some advancements all along the lines. It has advanced in value of property, in contributions, and increased in number of children. The farm under the charge of Bro. Derrick is rapidly coming to be a considerable source of help to the Orphanage, but we find it is some in debt and may God help us to press all in its claims.

REPORT ON MISSISSIPPI COLLEGE AND EDUCATION.

Report on Mississippi College and Education presented and read by S E Wallace. Report adopted as read.

Mississippi College is a Baptist college, belonging to the Baptists of Mississippi, and has for fifty-three years grown ever since—brought by the Baptist to one hundred thousand dollars endowment—and is an institution to fit men for every honorable position in life, especially to educate preachers. Quite a number of ministers of the gospel have gone out to

all parts of the world and have accomplished untold good. For this reason we, as Baptists, should first, with our prayers; second, with our means, then as much so as possible send our children to Mississippi College; then if God should call them to preach they are prepared for their life's work. Brethren, this is a day of education and we, as Baptists, should not be behind, but in front as we preach a full gospel and our people should be educated, both ministers and laity, as much so as possible, to meet the enormous doctrines preached almost eveywhere. While we do not believe it takes a complete education to preach a pure gospel, yet it makes it much easier on the ministry and better on the laity. If you cannot send your children to our College, send them to the free school as much as possible.

REPORT ON WOMAN'S WORK.

Report on womans work presented and read by G. W. Riley and on motion, the report on Woman's Mission Union, from Elam church was read by J. W. Baskerville and the reports were discussed together by J. F. McKibben, J. L. Roane J. J. Gibson, A. A. Bruner. Reports adopted as read.

We your committee on Woman's work, would report as follows. As far as is known to your committee there is no organized woman's work in the bounds of our Association, but our women are doing their work quietly, through the churches according to the teachings of God's word. Respt. submitted.

Sarepta Church.

After another Associational year, we are brought together again through the loving care of our Heavenly Father to consider the interests of his Kingdom. For his tender mercies our hearts would exclaim, "Bless the Lord, O my soul, bless his holy name." Looking over the past year, we have good cause to feel greatly encouraged. More women are interested and more societies organized than ever before. We should realize more fully the necessity of our work and do as command-

ed in Matthew 5, 16: "Let your light so shine before men, that they may see your good works and glorify your father which is in Heaven." We do most earnestly pray that the ladies of every church in the Calhoun Association may organize a society and help carry on this noble work. We gave our plan of work in last years report, also the amount in the treasnry then. With that amount and some added, we have since furnished our new church with pews and lamps. The dues, birthday offerings and other contibutions since last Association amount to $51.15. We kindly ask the Association if it will not accept any more lady delegates to the Associaton, to please accept $15 for Missions. We send our President, Mrs. A. A. Bruner, as a delegate from our society, praying that she may be granted the privilege of representing this work to the ladies attending this Association. Respectfully submitted,

Woman's Missionary Union, Elam Church.

On motion and second, the Association suspended business for preaching sermon by T. H. Smith, Association adjourned one hour for refreshments.

REPORT ON SABBATH SCHOOLS.

Report on Sabbath Schools was presented and read by J A Killingsworth, the report adopted as read.

We your committee, to whom was referred report on Sabbath schools, respectfully submits the following. There is not that interest in many of our churches that should be in this work. The Sabbath school should be regarded by every church as the nursery of the church, where the children are brought together for the study of the Word of God. The most Godly and consecrated of our churches should be placed in charge of this work and the entire influence of all the church should be directed in the work. If all our churches would take hold of this work as they should, we would in a very short time, douole our membership and very greatly strengthen

our present membership. Respectfully submitted.

REPORT ON STATE OF RELIGION.

The report on State of religion presented and read by J. M. Blue, the report adopted without discussion.

We your committee beg to submit the following report That the State of Religion is still moving onward and upward. We realize that God is blessing and elevating his people in many ways. We notice from reading of the letters of different churches of this Association, but very few of them mention their spiritual condition. But we do notice the number that each church has received by experience of grace and baptism. This itself shows that many of the churches have had glorious revivals and that the Lord has blessed the efforts of his children wonderfully. While the ingathering has been small at some of the churches, we hope that their labors are as bread cast upon the waters will be gathered later. Dear brethren and sisters, we do feel and know that we have been blessed in so many ways since the meeting of last Association that we should be encouraged to set out for the next twelve months with more zeal and a greater determination than ever before to do the will of our blessed Master. Respectfully submitted.
